“ Chris was always so very dear to my heart his whole life. The memories we shared are endless.

The trips we used to take with mom and dad (Ray & Wanda.) when we were both much younger.

The way he continued to comfort dad after mama passed away meant so much to me.

The three wheeler rides we used to go on, the special conversations we had with each other, The random phone calls for no special reason.

At our annual family reunion, once again the memories are endless. One memory In particular always comes to mind...Him and I in snorkel masks just to turn that darn bar b q chicken through the smoke. I could go on and on. But I won't.

*Words cannot express all I want to say.
But just know Chris, your aunt Melissa will always remember our special moments, and the man you were, forever. Rest In Peace Dear child of God and I will see u again when God sees fit. I will love you forever.*

“ Chris was one of my nephews, he loved to hunt whitetail deer and fish . He couldn't wait to set up deer camp in which I would partake in his passion. He reminded me of myself when I was his age and younger. He loved the outdoors as much as I did. He and Brad his only brother which also was in the camp had some good memories. I will miss him. Rest In Peace bud 😭
