“ In mid to late 80s at 16 I begin working at Norburys big store in town. Donnie was already working there. he was always so helpful and kind and that laugh was just the greatest laugh. And a great sense of humor and then when I graduated and moved off but often wondered how he was doing. I came back in 2015. I saw him a few times at the store but did not know if he would even recognize me or remember me. I was a peon LOL but one time at the store I hollered at him and he did remember and of course we spoke of the good times working at the store he still had the same great laugh, infectious smile, and kind heart. I'm so glad that I reconnected with him in present day. I am so sorry for your loss and the communities loss of such a great guy.
