“ One of my fondness memories of Edna was and our friends piling in her little bug trying to see how many people we could get in their. She taught me how to drive a stick. She was my best and dearest friend from 7-12 she was with me when my boyfriend and I broke up letting me cry on her shoulders. She was with me when I lost a love one. We had a child hood full of the most wonderful memories I will never forget. She was my maid of honor 51 years ago. We cry we laugh the best of times. I love you Edna more than you knew. We will be seeing each other again say hi to my mother.
