“ Sue was like a second mother to me. She definitely was a great mentor and person. She truly will be missed. She gave me much advice and was a no nonsense person who was very very stubborn and once her mind was made up there was no changing it (believe me I tried). She has been on my mind these past few days now I know why. My heart is heavy but I know she has a large family who loved her. She will always be in my heart. My best memories of her is her beautiful smile. We cared a lot about each other.
