“ *My uncle Gene was my favorite. He used to laugh at us and more importantly with us. He used to tease and torment us too and set us up to get into trouble with our aunt and grandmother in humorous ways.*

I still remember and cherish a road trip with my grandparents, uncle Gene and myself when I was 11 years old. We sang, told jokes, and spent the night sleeping on the desert. My grand mother was at times unhappy with my grandpa, uncle Gene and myself but we had a great time from a child's point of view.

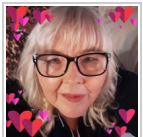

He took me fishing and had lots of good advice through the years. He was a kind person and sometimes too forgiving but that made him more precious.

It's comforting to think he will be with his beloved Patsy, our loving aunt once again.

Rest in peace and in the glory of God until we meet again my dear uncle.

“ *I know Gene will be missed so very much, it is so hard when family members leave us behind and especially this time of the year. We know they are in a better place, they do not hurt anymore, they are reunited with loved ones and most of all they are with our Lord and Savior. Missing him will still be a part of life but thinking of seeing him again in Heaven is much sweeter. My prayers, thoughts and love go out Rena Kaye, Jody, Johnny and all of the family. May God comfort and keep all you through the times to come. Love y'all.*
