“ I just find out today that Jackie had past...its crazy. Jackie and Trish are such fun people to be around and the stories Jackie would tell. Trish too! Sometimes about Trish and sometimes about Jackie. Being new here to Clayton and Buffalo Valley they welcomed us with open arms and always said, " If you need anything let us know!" We often went to the diner to eat and it was always fun times when Jackie was there, he always brightened our day. I am still in shock that he is gone. From the bottom of my heart thank you for making us feel like a part of the community you will be truly missed!

“ I used to work for Jack at a home health. Loved to hear his life experience stories. He always used to tell me. If I tell you a rooster dips snuff you better look under his wing for a snuffbox. He will be missed.
