“ From the moment we met you at Chuck's you showed Robert & I so much kindness. When we would come to town from Texas, you would welcome us with your big smile and say "Welcome Home" and when we would leave you would tell us to come back soon to our Oklahoma family and that you loved us. Our get togethers will not be the same without your smile, laugh and your singing! In the short 3 years we've known you, we loved you like family. Rest easy my friend. We love you - Carolyn & Robert Treece

“ So many memories with you that I couldn't write them all down. You as a toddler and you couldn't say my name and it would come out like feefee ou. Riding bikes to the library. Going to the Tulsa zoo with you, the girls and Deb. I'm sure you are with papa and granny telling them all kinds of stories now. Hug them for me. Love you Jason.

“ Miss your laugh and the way you made me laugh, I can still hear you yelling my name "Amber !!" When I pulled into Chuck's to get off the bike. Until we meet again, fly high and be free, we'll take care of things down here.
