“ I worked with John at IP and learned about his home and family in OK which he treasured. He was such a salt of the earth, Grizzly Adams type, very skilled in the outdoors, and a man of trust and integrity. One evening years ago he taught me about smoking brisket. I still have those notes and I bought the discontinued electric KC Smoker like he advised. John was one of those rare souls you encounter in your lifetime that leaves a print on you. I will always remember John. My heart goes out to his family, especially his wife and two grandboys that he always had pictures and video at the ready. I will pray for peace and comfort to his family. May the Lord bless and keep you John!

“ *The moment I met John he reminded me lot of my own dad. The few years I have had with him as his son in law made me respect how hard of a worker he was and how devoted he was to making his family happy. I have comfort in knowing now my dad will finally be able to meet the man I know who would have had a great bond with him. We all love you and I promise I will take care of your grand babies.*
